

"SPRING THING"

Invitation To The Prom

If you want your date to look her prettiest, she'll need time to plan and shop and dream a little. Ask her three to four weeks ahead—she'll be happy to "know", she's going to the prom and you'll be happy some other guy didn't ask her first.

Dress For The Girls

If you shop carefully for that special dress or whip it up yourself at home, you will have money left for the right accessories. Yards and yards of pink chiffon floating about the dance floor deserves better than every day loafers and a leather pouch purse. You'll be happiest if you plan the right accessories to complete your ensemble.

Dress For The Boys

Today tuxedos come both plain and fancy - the traditional black and white outfits share the stage with muted plaids and bright colors. For the first time this year tux rentals are available in Worthington. The Smith-Stevens, Inc. Men's Store at 689 High Street in Worthington can provide the complete outfit including trousers, coat, fancy shirt, vest or cummerband, jewelry and suspenders. Any of these items can also be rented separately. Drop in for a fitting EARLY. Popular sizes go out fast and you don't want to fight a 15" shirt collar if you really measure $16\frac{1}{2}$ ". TIP - your own white shirt is appropriate for use with a tux.

Corsages

Your gal will appreciate flowers which compliment her dress. If she chooses an orange gown, red roses will just not do! When you order her "posies", the florist will need to know the color of her gown so he can suggest appropriate flowers in your price range. You will be able to select from shoulder corsages, nosegays, and wrist models in prices ranging from \$4 to \$10. If you make arrangements with the florist to deliver them, be sure to enclose a card; if you prefer to take them to your date when you call for her, your flowers will be fresher if they are kept refrigerated. Drop in at least a week before prom night to order the flowers.

Dinner Before The Dance Can Be Fun...

...but don't feel you have to independently wealthy to dine with your gal. Consider:

- *An early evening cook-out with guys providing steaks and gals the accompaniments.

- *A candlelight dinner at home for double daters.

- *A buffet for the gang with each gal bringing her favorite dish.

- *Dinner at a nearby restaurant. You can easily check out dinner costs and need for reservations with a phone call ahead.

OR

- *Breakfast following the dance for the gang at a home where "night owling" is considered fun.

Spotlight Prom

Whatever plans you make for dinner or for later, the prom is "center stage" on this evening. The elaborate decorations and prom night atmosphere only come alive when the crowd arrives around 9:15. If you come too much later you'll never quite feel part of the group.

Etiquette

Of course you will say "thank you" at the end of a lovely dance, but you show your appreciation best by the feeling of warmth and enthusiasm you convey throughout the evening. Etiquette isn't so much a set of rules as it is showing consideration for others and making them happy to be with you.
