Leadership Worthington ... Forging a Tradition of Leadership

Soon to celebrate its tenth anniversary, Leadership Worthington has added a meaningful new chapter to the pages of Worthington's proud history. Since the program was launched in fall 1989 as a collaborative partnership of schools, businesses and the Worthington Area Chamber of Commerce, it has groomed for our community more than 200 new leaders who are graduates of an intense nine-month program of personal and leadership skills development. Now active members of civic and human service organizations, the graduates left lasting legacies through class projects completed as part of the program. Their efforts are remembered when volunteers pool resources each spring on Service Day to assist senior citizens and clean up public areas ... or computer users view Worthington's community Web site ... or visitors at our Municipal Building read the names of exemplary citizens who have been honored with Leadership for a Lifetime Awards.

Worthington's youth also are prepared for responsible positions of leadership in our community, thanks to Leadership Tomorrow, a youth-focused partner program of Leadership Worthington which debuted in 1997. To date, five classes of students from area public and private schools have developed their communication, time management and volunteer skills through the program.

In fostering new leadership, recognizing and rewarding existing leaders, and serving as a catalyst for positive change in our community, Leadership Worthington is advancing its mission to better the quality of life in our community. For information on how the program is structured and how you can get involved, see page 4.

Each spring volunteers of all ages unite to brighten the community and the lives of its older residents on Leadership Worthington Service Day. Some participate in projects like this one, to improve and maintain school grounds and public areas, while others spend the day helping senior citizens with household chores and minor repairs.

About the Leadership Worthington Program

Coordinating the Leadership Worthington program and its related activities is Executive Director Judy Barnhart, a professional consultant experienced in training and development, fund raising and organizational management. Judy represents Leadership Worthington on the Ohio Association of Community Leadership and facilitates our partnership with other community organizations.

Participants in Leadership Worthington attend a series of carefully designed classes which address such topics as:

- *personal leadership skill development, including self-assessments, effective small group communication, public speaking and team-building;*
- *Worthington history and cultural heritage;*
- *municipal structure and issues;*
- *the Worthington public school system;*
- *human services and community volunteerism;*
- *multicultural issues; and*
- *the business community.*

Leadership for a Lifetime Award Winners

Through the annual Leadership for a Lifetime Awards, which began as a Leadership Worthington class project, the Worthington community annually recognizes two adults, a senior high student, a middle school student and an elementary school student for exemplary community, school and organizational leadership.

The candidates are chosen by a selection committee of Leadership Worthington alumni which carefully screens candidates who have been nominated by residents and business leaders in the Worthington community.

Each honoree's name is engraved in a brick which paves the walkway to Worthington's Municipal Building, giving lasting recognition to special individuals who are committed to a lifetime of leadership.

Spectators at the 1998 Worthington Memorial Parade cheer last year's Leadership for a Lifetime award winners as they ride by. (For a list of these and other past winners, see page 6.)

Congratulations to these 1999 winners:
